

SOPHIE MARTIN

Senior QA Manager | Automation | Strategy Development

Phone: +1-(234)-555-1234 | Email | LinkedIn | Los Angeles, California

SUMMARY

With over 8 years as a QA lead and extensive hands-on experience in automation and strategy development for Mobile, Cloud, and Embedded systems, I have a proven track record of improving testing processes and leading high-performing QA teams. My biggest career achievement includes pioneering a QA framework that significantly reduced defect rates.

EXPERIENCE

Senior QA Manager, TechSolutions Inc. (03/2018 - Present, Los Angeles, CA)

- Managed a focused team of 10 QA leads and testers, increasing test coverage by 20%.
- Led unified test automation framework reducing regression cycle time by 40%.
- Integrated Quality metrics into CI/CD pipelines, reducing defect leakage by 30%.
- Improved system reliability by 25% through performance testing.

QA Team Lead, Innovative Solutions Inc. (06/2014 - 02/2018, San Francisco, CA)

- Improved resource utilization by 15% across major projects.
- Trained 8 QA engineers in advanced mobile testing techniques.
- Introduced quality improvement framework; raised productivity 20%.
- Solved top 5 customer issues via targeted testing.

QA Engineer, QualitySoft Corp. (08/2010 - 05/2014, Los Angeles, CA)

- Reduced customer-reported issues by 10% with comprehensive test plans.
- Automated 150+ test cases, halving manual effort.

SOPHIE MARTIN

Senior QA Manager | Automation | Strategy Development

- Resolved 200+ bugs, improving system performance by 15%.

EDUCATION

Master's Degree in Software Engineering

California Institute of Technology (01/2008 - 01/2010, Pasadena, CA)

Bachelor's Degree in Computer Science

University of California, Los Angeles (01/2004 - 01/2008, Los Angeles, CA)

PROJECTS

Open Source Mobile Testing Framework

- Contributed to an open-source mobile testing framework, adopted by major communities.
- GitHub: github.com/sophiemartin/mobiletest

Cloud-Based Performance Testing Tool

- Developed a cloud-based load testing tool, reduced infra cost by 40%, ensured 99.9% uptime.

KEY ACHIEVEMENTS

QA Process Innovation Award - Reduced defect rates by 30%.

Best Practice Implementation - Improved testing effectiveness by 25%.

Leadership Excellence Recognition - Managed high-performing QA teams.

Successful Launch of Flagship Product - Achieved <1% critical bug ratio post-launch.

SKILLS

SOPHIE MARTIN

Senior QA Manager | Automation | Strategy Development
